LIST OF TABLES

PART A: BIRTHS

Table A-1. Total Births and Birth, Fertility, and Total Fertility Rates and Percentage of Nonmarital Births, by Race and Hispanic Origin of Mother, Preliminary 2007 and Preliminary 2008 ..................................................4
Table A-2. Births and Birth Rates by Age, Race, and Hispanic Origin of Mother, Preliminary 2007 and Preliminary 2008 ...............................................................................................................................................5
Table A-3. Live Births by Age of Mother, Live-Birth Order, and Race and Hispanic Origin of Mother, Preliminary 2008 ..................................................................................................................................................6
Table A-4. Birth Rates by Age of Mother, Live-Birth Order, and Race and Hispanic Origin of Mother, Preliminary 2008 ..................................................................................................................................................7
Table A-5. Live Births by Race and Hispanic Origin of Mother, and Birth and Fertility Rates by State, Preliminary 2008 ..................................................................................................................................................8
Table A-6. Number and Percentage of Births to Unmarried Women, by Age, Preliminary 2007 and Preliminary 2008 ..................................................................................................................................................10
Table A-7. Total Births, Total Cesarean Delivery Rate, Percentage of Live Births Preterm and Very Preterm, and Percentage of Live Births Low and Very Low Birthweight, by Race and Hispanic Origin of Mother, Preliminary 2007 and Preliminary 2008 ....................................................10
Table A-8. Percentage of Preterm Births, Selected Years, 1990–2008 ..................................................................................................................................................10
Table A-9. Birth Rates for Women Under Age 20 Years, by Age and Race and Hispanic Origin of Mother, Selected Years, 1991–2008 ........................................................................................................................................11
Table A-10. Percentage of Live Births to Mothers Under 20 Years of Age by State and Territory, Final 2006 and Preliminary 2007 ...............................................................................................................................................12
Table A-11. Percentage of Live Births to Unmarried Mothers, by State and Territory, Final 2006 and Preliminary 2007 ...............................................................................................................................................13
Table A-12. Percentage of Low Birthweight Births by State and Territory, Final 2006 and Preliminary 2007 ..................................................................................................................................................14
Table A-13. Percentage of Births that Are Preterm, by State and Territory, Final 2006 and Preliminary 2007 ...........................................................................................................................................15
Table A-14. Number of Births, Birth Rates, Fertility Rates, Total Fertility Rates, and Birth Rates for Teenagers 15–19 Years by Age of Mother and by State and Territory, 2006 ................................................................................17
Table A-15. Birth Rates for Teenagers 15–19 Years by State, Selected Years, 1991–2006 ..................................................................................................................................................18
Table A-16. Birth Rates for Women Aged 10–19 Years, by Age and Race and Hispanic Origin, Selected Years, 1991–2006 .........................................................................................................................................19
Table A-17. Average Age of Mother at First Birth and Absolute Change, by State, 1970–2006 ..................................................................................................................................................20
Table A-18. Mean Age of Mother, by Live-Birth Order and Race and Hispanic Origin of Mother, 1980–2006 ...........................................................................................................................................21
Table A-21. Live Births by Age of Mother, Live-Birth Order, and Race of Mother, 2006 ..................................................................................................................................................24
Table A-22. Live Births by Age of Mother, Live-Birth Order, and Non-Hispanic Origin, 2006 ..................................................................................................................................................25
Table A-23. Fertility Rates and Birth Rates, by Age of Mother, Live-Birth Order, and Race of Mother, 2006 ...............................................................................................................................................28
Table A-25. Fertility Rates and Birth Rates, by Age, Live-Birth Order, Specified Hispanic Origin, and Race of Mother, 2006 ...........................................................................................................................................30
Table A-27. Fertility Rates and Birth Rates by Live-Birth Order and by Race and Hispanic Origin of Mother, 1980–2006 ...........................................................................................................................................34
Table A-28. Live Births by Race of Mother, by State and Territory, 2006 ..................................................................................................................................................40
Table A-29. Live Births by Hispanic Origin of Mother and by Race for Mothers of Non-Hispanic Origin by State and Territory, 2008 ...........................................................................................................................................41
Table A-30. Total Number of Births, Rates (Birth, Fertility, and Total Fertility), and Percentage of Births with Selected Demographic Characteristics, by Race of Mother, 2006 ........................................................................42
Table A-31. Total Number of Births, Rates (Birth, Fertility, and Total Fertility), and Percentage of Births with Selected Demographic Characteristics, by Hispanic Origin of Mother and by Race for Mothers of Non-Hispanic Origin, 2006 .................................................................42
Table A-32. Live Births and Observed and Seasonally Adjusted Birth and Fertility Rates, by Month, 2006 ..........................................................................................................................43
Table A-33. Live Births by Day of Week and Index of Occurrence by Method of Delivery, 2006..................43
Table A-34. Number, Birth Rate, and Percentage of Births to Unmarried Women by Age, Race, and Hispanic Origin of Mother, 2006 ........................................................................45
Table A-36. Number, Rate, and Percentage of Births to Unmarried Women and Birth Rate for Married Women, Selected Years, 1980–2006 .................................................................49
Table A-37. Number and Percentage of Births to Unmarried Women by Race and Hispanic Origin of Mother, by State and Territory, 2006 .................................................................50
Table A-38. Birth Rates by Age and Race of Father, 1980–2006 ................................................................51
Table A-39. Number of Live Births and Percent Distribution, by Weight Gain of Mother During Pregnancy, According to Period of Gestation and Race and Hispanic Origin of Mother: 49 Reporting States and the District of Columbia, 2006 ..................................................................................53
Table A-40. Percentage of Births With Selected Medical or Health Characteristics, by Race of Mother, 2006 ..........................................................................................................................54
Table A-41. Percentage of Births with Selected Medical or Health Characteristics, by Hispanic Origin of Mother and by Race for Mothers of Non-Hispanic Origin, 2006 .............................................54
Table A-42. Number and Rate of Live Births to Mothers with Selected Risk Factors During Pregnancy, Obstetric Procedures, Characteristics of Labor and Delivery, and Congenital Anomalies, by Age, Race, and Hispanic Origin of Mother, 2006 ..........................................................55
Table A-43. Percentage of Mothers Beginning Prenatal Care in the First Trimester and Percentage of Mothers With Late or No Prenatal Care, by Race and Hispanic Origin of Mother, 18 States and Puerto Rico ..........................................................................................57
Table A-44. Percentage of Mothers Beginning Prenatal Care in the First Trimester and Percentage or No Prenatal Care by Race and Hispanic Origin of Mother: 32 States, District of Columbia, New Territories, 2006 ..................................................................................................................58
Table A-45. Live Births by Method of Delivery and Rates of Cesarean Delivery by Race and Hispanic Origin of Mother, 1989–2006 ..................................................................................................60
Table A-46. Number of Live Births, by Method 2006 of Delivery and Rates of Cesarean Delivery by Age and Race and Hispanic Origin of Mother, 2006 .............................................................61
Table A-48. Rates of Cesarean Delivery by Race and Hispanic Origin of Mother, by State and Territory, 2006 ..........................................................................................................................63
Table A-49. Rates of Vaginal Birth After Cesarean Delivery (VBAC), by Race and Hispanic Origin of Mother: 19 states and Puerto Rico (Data Based on the 2003 Revision of the U.S. Standard Certificate of Live Birth), 2006 ..........................................................................................64
Table A-50. Rates of Vaginal Birth After Cesarean Delivery (VBAC), by Race and Hispanic Origin of Mother: 31 States, the District of Columbia, New York City, and Territories (Data Based on the 1989 Revision of the U.S Standard Certificate), 2006 ..................................................................................65
Table A-51. Live Births by Birthweight and Percentage Very Low and Low Birthweight, by Period of Gestation and Race and Hispanic Origin of Mother, 2006 ........................................................................66
Table A-52. Percentage of Live Births Very Preterm and Preterm and Percentage of Live Births of Very Low Birthweight and Low Birthweight, by Race and Hispanic Origin of Mother, 1981–2006 ...........................................................................68
Table A-53. Number and Percentage of Births Delivered Preterm, by Race and Hispanic Origin of Mother by State and Territory, 2006 ..................................................................................................69
Table A-54. Number and Percentage Low Birthweight and Number of Live Births by Birthweight, by Age and Race and Hispanic Origin of Mother, 2006 ........................................................................70
Table A-55. Number and Percentage of Births of Low Birthweight, by Race and Hispanic Origin of Mother, 2006 ..........................................................................................................................71
Table A-56. Number and Percentage of Births of Very Low Birthweight, by Race and Hispanic Origin of Mother, by State and Territory, 2006 ..................................................................................72
Table A-57. Rates of Very Low Birthweight and Low Birthweight and Mean Birthweight Among Singletons by Race and Hispanic Origin of Mother, Selected Years, 1990–2006 ..................................................73
Table A-58. Live Births by Plurality of Birth and Ratios, by Age, Race and Hispanic Origin of Mother, 2006 ..........................................................................................................................75
PART B: MORTALITY

Table B-1. Number of Deaths, Death Rates, and Age-Adjusted Death Rates, by Race and Sex, Selected Years, 1940–2007 ................................................................. 104
Table B-3. Number of Deaths and Death Rates by Age, Race, and Sex, 2007 ................................................................. 107
Table B-4. Number of Deaths and Death Rates by Hispanic Origin, Race for Non-Hispanic Population, Age, and Sex, 2007 ......................................................... 108
Table B-5. Number of Deaths and Death Rates by Age, and Age-Adjusted Death Rates, by Specified Hispanic Origin, Race for Non-Hispanic Population, and Sex, 2007 ........................................... 109
Table B-6. Abridged Life Table for the Total Population, 2007 .................................................................................. 111
Table B-7. Life Expectancy at Selected Ages by Race and Sex, 2007 ............................................................................... 113
Table B-8. Life Expectancy at Birth by Race and Sex, Selected Years, 1940–2007 ......................................................... 114
Table B-9. Death Rates by Age and Age-Adjusted Death Rates for the 15 Leading Causes of Death, 1999–2007 ................................................................. 115
Table B-10. Number of Deaths from 113 Selected Causes and Enterocolitis Due to *Clostridium difficile*, by Age, 2007 ................................................................. 119
Table B-11. Death Rates for 113 Selected Causes and Enterocolitis due to *Clostridium difficile*, by Age, 2007 ........................................................................ 122
Table B-12. Number of Deaths from 113 Selected Causes and Enterocolitis Due to *Clostridium difficile*, by Race and Sex, 2007 ......................................................... 125
Table B-13. Number of Deaths from 113 Selected Causes and Enterocolitis Due to *Clostridium difficile*, by Hispanic Origin, Race for Non-Hispanic Population, and Sex, 2007 ........................................... 133
Table B-14. Death Rates for 113 Selected Causes and Enterocolitis Due to *Clostridium difficile*, by Race and Sex, 2007 ........................................................................ 141
PART C: HEALTH

DETERMINANTS AND MEASURES OF HEALTH

Table C-1. Nonfatal Occupational Injuries and Illnesses with Days Away from Work, Job Transfer, or Restriction, by Industry, 2003–2007 .................................................................264
Table C-2. Selected Notifiable Disease Rates and Number of New Cases, Selected Years, 1950–2007.................................................................265
Table C-3. Acquired Immunodeficiency Syndrome (AIDS) Cases, by Year of Diagnosis and Selected Characteristics, 2003–2007 .................................................................267
Table C-4. Age-Adjusted Cancer Incidence Rates and Annual Percent Change (APC) for Selected Cancer Sites, by Sex, Race, and Hispanic Origin: Selected Geographic Areas, Selected Years, 1990–2006 .................................................................269
Table C-5. Five-Year Relative Cancer Survival Rates for Selected Cancer Sites, by Race and Sex, Selected Geographic Areas, Selected Years 1975–1977 through 1999–2005 .................................................................275
Table C-7. Severe Headache or Migraine, Low Back Pain, and Neck Pain Among Adults 18 Years of Age and Over, by Selected Characteristics, 1997, 2006, and 2007 .................................................................279
Table C-8. Joint Pain Among Adults 18 Years of Age and Over, by Selected Characteristics, Selected Years, 2002–2007 .................................................................281
Table C-9. Vision and Hearing Limitations Among Adults 18 Years of Age and Over, by Selected Characteristics, Selected Years, 1997–2007 .................................................................285
Table C-10. Respondent-Assessed Health Status, by Selected Characteristics, Selected Years, 1991–2007 .................................................................287
Table C-11. Serious Psychological Distress in the Past 30 Days Among Adults 18 Years of Age and Over, by Selected Characteristics, Average Annual, Selected Years, 1997–1998 through 2006–2007 .................................................................288
Table C-12. Suicidal Ideation, Suicide Attempts, and Injurious Suicide Attempts Among Students in Grades 9-12, by Sex, Grade Level, Race, and Hispanic Origin, Selected Years, 1991–2007 .................................................................289
Table C-15. Serum Total Cholesterol levels Among Persons 20 Years of Age and Over, by Selected Characteristics, Selected Years, 1960–1962 through 2003–2006 .................................................................293
Table C-17. Leisure-Time Physical Activity Among Adults 18 Years of Age and Over, by Selected Characteristics, Selected Years, 1998–2007 .................................................................296

USE OF ADDICTIVE SUBSTANCES

Table C-20. Current Cigarette Smoking Among Adults 18 Years of Age and Over, by Sex, Race, and Age, Selected Years, 1965–2007 ..................................................................................304
Table C-21. Age-Adjusted Prevalence of Current Cigarette Smoking Among Adults 25 Years of Age and Over, by Sex, Race, and Education Level, Selected Years, 1974–2007 ........................................305
Table C-23. Use of Selected Substances in the Past Month Among Persons 12 Years of Age and Over, by Age, Sex, Race, and Hispanic Origin, Selected Years, 2002–2007 ........................................308
Table C-24. Use of Selected Substances Among High School Seniors, 10th Graders, and 8th Graders, by Sex and Race, Selected Years, 1980–2008 ..................................................310
Table C-25. Lifetime Alcohol Drinking Status Among Adults 18 Years of Age and Over, by Selected Characteristics, Selected Years, 1997–2007 ..............................................312
Table C-26. Heavier Drinking and Drinking Five or More Drinks in a Day Among Adults 18 Years of Age and Over, by Selected Characteristics, Selected Years, 1997–2007 ................................314

AMBULATORY CARE

Table C-27. Health Care Visits to Doctor Offices, Emergency Departments, and Home Visits Within the Past 12 Months, by Selected Characteristics, 1997–2007 ........................................317
Table C-28. Visits to Primary Care Generalist and Specialist Physicians, by Selected Characteristics and Type of Physician, 1980–2007 ........................................................................319
Table C-29. Visits to Physician Offices, Hospital Outpatient Departments, and Hospital Emergency Departments, by Selected Characteristics, Selected Years, 1995–2007 ..........................321
Table C-30. Emergency Department Visits Within the Past 12 Months Among Adults 18 Years of Age and Over, by Selected Characteristics, Selected Years, 1997–2007 ..................323
Table C-31. Emergency Department Visits Within the Past 12 Months Among Children Under 18 Years of Age, by Selected Characteristics, Selected Years, 1997–2007 ..........................325
Table C-33. Percent of Persons with a Dental Visit in the Past Year, by Selected Characteristics, Selected Years, 1997–2007 ..................................................................................329
Table C-34. Percent of Persons with Untreated Dental Caries, by Selected Characteristics, Selected Years, 1971–1974 through 2001–2004 ..........................................................330
Table C-35. Ambulatory Care Visits with MRI/CT/PET Scans Ordered or Provided During the Visit, by Age and Location of Care, 1996–2007 .............................................................331
Table C-36. No Usual Source of Health Care Among Children Under 18 Years of Age, by Selected Characteristics, Selected Annual Averages 1993–2007 ..................................................332
Table C-37. No Usual Source of Health Care Among Adults 18–64 Years of Age, by Selected Characteristics, Selected Annual Averages 1993–1994 through 2006–2007 .................333
Table C-38. Reduced Access to Medical Care During the Past 12 Months Due to Cost, by Selected Characteristics, Selected Years, 1997–2007 ....................................................335
Table C-39. Reduced Access to Medical Care During the Past 12 Months Due to Cost, by State: 25 Largest States and United States, Selected Annual Averages, 1997–2007 ..........................337
Table C-40. No Health Care Visits to an Office or Clinic Within the Past 12 Months Among Children Under 18 Years of Age, by Selected Characteristics, Selected Annual Averages, 1997–1998 to 2006–2007 .............................................................339
Table C-41. Vaccination Coverage Among Children 19–35 Months of Age for Selected Diseases, by Race, Hispanic Origin, Poverty Level, and Location of Residence in Metropolitan Statistical Area (MSA), Selected Years, 1995–2007 .341
Table C-42. Vaccination Coverage Among Children 19–35 Months of Age, by State and Selected Urban Area, 2002–2007 ..................................................................................344
Table C-43. Influenza Vaccination Among Adults 18 Years of Age and Over, by Selected Characteristics, Selected Years, 1989–2007 .............................................................346
INPATIENT CARE

Table C-50. Admissions to Mental Health Organizations, by Type of Service and Organization, Selected Years, 1986–2004 .................................................................359
Table C-51. Persons with Hospital Stays in the Past Year, by Selected Characteristics, Selected Years, 1997–2007 ..................................................................................360
Table C-52. Discharges, Days of Care, and Average Length of Stay in Nonfederal Short-Stay Hospitals, by Selected Characteristics, Selected Years, 1980–2006 .................................................363
Table C-53. Discharges in Nonfederal Short-Stay Hospitals, by Sex, Age, and Selected First-Listed Diagnosis, Selected Years, 1990–2006 ..................................................................................364
Table C-54. Discharge Rate in Nonfederal Short-Stay Hospitals, by Sex, Age, and Selected First-Listed Diagnosis, Selected Years, 1990–2006 ..........................................................374
Table C-55. Average Length of Stay in Nonfederal Short-Stay Hospitals, by Sex, Age, and Selected First-Listed Diagnosis, Selected Years, 1990–2006 ..........................................................373
Table C-56. Discharges with at Least One Procedure in Nonfederal Short-Stay Hospitals, by Sex, Age, and Selected Procedures, Selected Years, 1990–2006 .................................................392
Table C-57. Nursing Home Residents 65 Years of Age and Over, by Age, Sex, and Race, Selected Years, 1973–2004 ..................................................................................401

HEALTH PERSONNEL

Table C-58. Employees Employed in Health Service Sites, by Site and Sex, 2000–2008 .................................................................403
Table C-59. Percent Distribution of Employment and Establishments in Health Services by Detailed Industry Sector, 2008 ..................................................................................406
Table C-60. Employment of Wage and Salary Workers in Healthcare, 2008 and Projected Change, 2008–2018 .................................................................406
Table C-62. Average Earnings and Hours of Nonsupervisory Workers in Health Care by Industry Segment, 2008 ..................................................................................407
Table C-63. Median Hourly Wages of the Largest Occupations in Health Care, May 2008 ..................................................................................407
Table C-64. National Occupational Employment and Wage Estimates for Healthcare Occupations, May 2009 ..................................................................................408
Table C-65. Employers’ Costs per Employee-Hour Worked for Total Compensation, Wages and Salaries, and Health Insurance, by Selected Characteristics, Selected Years, 1991–2009 ..........410

HEALTH EXPENDITURES

Table C-67. Consumer Price Index and Average Annual Percent Change for All Items, Selected Items, and Medical Care Components, Selected Years, 1960–2008 .................................................................414
Table C-68. Growth in Personal Health Care Expenditures and Percent Distribution of Factors Affecting Growth, 1960–2007 ..................................................................................415
Table C-69. National Health Expenditures, Average Annual Percent Change, and Percent Distribution, by Type of Expenditure, Selected Years, 1960–2007 .................................................................416
Table C-70. Personal Health Care Expenditures, by Source of Funds and Type of Expenditure, Selected Years, 1960–2007 ..................................................................................417
Table C-72. Personal Health Care Expenditures, by Age, Selected Years, 1987–2004 ...........................................419
Table C-73. Expenses for Health Care and Prescribed Medicine, by Selected Population Characteristics, Selected Years, 1987–2006 .................................................................421
Table C-74. Sources of Payment for Health Care, by Age, Selected Years, 1987–2004 ...........................................423
Table C-75. Out-of-Pocket Health Care Expenses Among Persons with Medical Expenses, by Age, Selected Years, 1987–2006 .................................................................425
Table C-76. Expenditures for Health Services and Supplies and Percent Distribution, by Type of Payer, Selected Years, 1987–2007 .................................................................427
Table C-77. Department of Veterans Affairs Health Care Expenditures and Use, and Persons Treated, by Selected Characteristics, Selected Fiscal Years, 1970–2008 ...........................................429

HEALTH INSURANCE (CENSUS BUREAU)

Table C-78. Health Insurance Coverage, by Type of Coverage, 1987–2008 .............................................................431
Table C-79. Health Insurance Coverage by Race, Hispanic Origin, and Type of Coverage, 1990–2008 ..........432
Table C-80. Health Insurance Coverage by Age and Type of Coverage, 1999–2008 ..............................................436
Table C-81. People Without Health Insurance Coverage by Selected Characteristics, 2007–2008 .................440
Table C-83. People Without Health Insurance by Family Income, 2007 and 2008 .................................................442
Table C-84. Number and Percentage of People Without Health Insurance Coverage by State Using 2-and 3-Year Averages, 2005–2006 and 2007–2008 ................................................443
Table C-85. Health Insurance Coverage Status and Type of Coverage by State, Children Under 18, 2008 ..........444
Table C-86. Health Insurance Coverage Status and Type of Coverage by State, Persons Under 65 Years of Age, 2008 ........................................................................................................445
Table C-87. Health Insurance Coverage Status and Type of Coverage by Nativity, 2005–2008 .........................446

HEALTH INSURANCE (NATIONAL CENTER FOR HEALTH STATISTICS)

Table C-88. Medicaid Coverage Among Persons Under 65 Years of Age, by Selected Characteristics, Selected Years, 1984–2007 ..................................................................................447
Table C-89. Health Insurance Coverage of Medicare Beneficiaries 65 Years of Age and Over, by Type of Coverage and Selected Characteristics, Selected Years, 1992–2007 ............449
Table C-90. Medicare Enrollees and Expenditures and Percent Distribution, by Medicare Program and Type of Service, Selected Years, 1970–2008 .....................................................451
Table C-91. Medicare Enrollees and Program Payments Among Fee-for-Service Medicare Beneficiaries, by Sex and Age, Selected Years, 1994–2007 ........................................................453
Table C-92. Medicare Beneficiaries, by Race, Hispanic Origin, and Selected Characteristics, Selected Years, 1992–2006 .............................................................................................454
Table C-93. Medicaid Beneficiaries and Payments, by Type of Service, Selected Fiscal Years, 1972–2006 ..........456
Table C-94. Medicare Enrollees, Enrollees in Managed Care, Payment per Enrollee, and Short-Stay Hospital Utilization, by State, 1994–2007 .........................................................458
Table C-95. Medicaid Beneficiaries, Beneficiaries in Managed Care, Payments per Beneficiary, and Beneficiaries per 100 Persons Below the Poverty Level, by State, Selected Years 1989–2006 ......463

MEDICAL TECHNOLOGY

Table C-96. Federally Regulated (CLIA) Laboratories, 1993–2008 .............................................................................466
Table C-97. Discharges with at Least One Knee or Hip Replacement Procedure in Nonfederal Short-Stay Hospitals Among Adults 45 Years of Age and Over, by Type of Procedure, Sex, and Age, 1996–2006 .........................................................467
Table C-98. Upper Endoscopy or Colonoscopy Procedures Among Adults 18 Years of Age and Over, by Location of Care, Type of Procedure, and Age, 1996 and 2006 ................................468
LIST OF FIGURES

PART A: BIRTHS
Figure A-1. Live Births and Fertility Rates, 1930–2008 .................................................................3
Figure A-2. Percent of Births by Race and Hispanic Origin, Preliminary 2008 ..............................9
Figure A-3. Percent of Births to Unmarried Women by Race and Hispanic Origin, 2007 and 2008 9
Figure A-4. Birth Rates for Teenagers 15–19 Years of Age by Race and Hispanic Origin, 1991 and
    Preliminary 2008 ..............................................................................................................16
Figure A-5. States with the Highest and Lowest Birth Rates for Teenagers 15–19 Years of Age, 2006 16
Figure A-6. Birth Rates by Age of Mother, 1980–2006 .................................................................27
Figure A-7. Birth Rates, by Age of Father, 1980–2006 .................................................................27
Figure A-8. Percent of Births to Unmarried Women by Age, 2006 ..............................................44
Figure A-9. Birth Rates for Unmarried Women, by Age of Mother, 1980–2006 .........................44
Figure A-10. Cesarean Delivery Rates by Age of Mother: 1996, 2000, and 2006 .........................59
Figure A-11. Percent of Births with Low and Very Low Birthweights: 1986, 1996, and 2006 ..........59
Figure A-12. Percent Distribution of All Births Not Taking Place at a Hospital, 1990–2006 ...............74
Figure A-13. Twin and Triplet or Higher Order Birth Rate, 1980–2006.........................................74

PART B: MORTALITY
Figure B-1. Age-Adjusted Death Rates, by Race, 1940–2007 .........................................................103
Figure B-2. Life Expectancy at Selected Ages, by Sex, 2007 .........................................................112
Figure B-3. Life Expectancy at Selected Ages, by Race, 2007 .........................................................112
Figure B-4. Age-Adjusted Death Rates for Drug-Induced Causes, by Race, 1999–2007 ................179
Figure B-5. Age-Adjusted Death Rates for Alcohol-Induced Causes, by Race, 1999–2007 ..........179
Figure B-6. Infant, Neonatal, and Postneonatal Mortality Rates, 1940–2007 .................................203
Figure B-7. Infant Mortality Rates, by Race, 1940–2007 .................................................................203
Figure B-8. Percent Distribution of Total Deaths by Cause of Death, 2007 .....................................214
Figure B-9. Percent Change in Death Rates, by Age, 2006–2007 ....................................................214
Figure B-10. Percent Change in the Leading Causes of Death, 2006–2007 .................................218
Figure B-11. Age-Adjusted Death Rates for the Leading Causes of Deaths, 2007 .........................218
Figure B-12. Death Rates for Human Immunodeficiency Virus (HIV) by Sex, Race, and Hispanic Origin, 1987–2006 .................................................................239
Figure B-13. Death Rates for Malignant Neoplasms of the Breast Among Females by Age Groups,
    1950–2006 .......................................................................................................................239

PART C: HEALTH
Figure C-1. Selected Health Conditions and Risk Factors for Persons 20 Years of Age and Over,
Figure C-2. Number of Acquired Immunodeficiency Syndrome (AIDS) Cases by Age at Diagnosis,
    (15 Years and Over) and Sex ..............................................................................................277
Figure C-3. Prevalence of Diabetes Among People 20 Years of Age and Over, Age-Adjusted, by Sex,
Figure C-4. Percent of People 20–74 Years of Age Who Are a Healthy Weight, Overweight, or Obese,
Figure C-5. Overweight Children and Adolescents 6–19 Years of Age, Selected Years, 1963–1965 298
    to 2003–2006 ...................................................................................................................298
Figure C-6. Percent of High School Seniors Using Selected Substances in the Past Month, 1980–2008 303
Figure C-7. Age-Adjusted Prevalence of Cigarette Smoking Among Adults 25 Years of Age and
    Over by Education Level, 2000–2007 .............................................................................303
Figure C-8. Number of Health Care Visits Within the Past 12 Months, by Sex, 2007 ......................316
Figure C-9. Reduced Access to Medical Care During the Past 12 Months Due to Costs, by Race
    and Hispanic Origin, 2007 ..............................................................................................316
Figure C-10. Percent of Persons With a Hospital Stay in the Past Year, According to Age, 2007 ......358
Figure C-11. Average Length of Stay in Nonfederal Short-Stay Hospitals by Age, 1990 and 2006 .....358
Figure C-12. Projected Growth of Employment in Healthcare by Industry Segment, 2008–2018 ..........402
Figure C-13. Mean Hourly Wages of the Largest Occupations in Health Care, 2008 ......................402
Figure C-14. Consumer Price Index (CPI), All Items and Medical Care, 1960–2008 ......................412
Figure C-15. Personal Health Care Expenditures by Source of Funds, 1990–2007 ..................................................412
Figure C-16. Number and Proportion of People Without Health Insurance, 1987–2008 ........................................430
Figure C-17. Percent of People Without Health Insurance by Race and Hispanic Origin, 2007–2008 ..............430
Figure C-18. Discharges With at Least One Knee or Hip Replacement Procedure in Non-Federal Short Stay Hospitals Among Adults 45 Years of Age and Over, 1996–2006 ..............................................465
Figure C-19. Assisted Reproductive Technology (ART) Cycles Initiated Among Women by Age, 1996–2006 ........................................................................................................................................465
